

IRISH LIFE HEALTH

"Our vision in Irish Life Health is 'Helping People Live Healthier Lives'. That's why we offer money back on benefits like Nutritionists/ Dietitians; Fitness Wearables; Life Coaching; Gym membership and many more to keep members healthy.

On selected plans Irish Life Health members can claim a contribution towards the cost of attending a Nutritionist who is registered with the Nutritional Therapists of Ireland. We will make available a list of these plans with their corresponding level of cover. This will give you a clear outline of the cover from Irish Life Health and NTOI member practitioners."
